Re Sanction on estimate for Rs 108 200 for

Trunkan Drainage 361/L

From the D C Trunkan Dst
No 407/44 dt 6-7-1944

It is an estimate for Rs 1,08,200 to complete the remaining part of the surface drainage work at Trunkan

1) It is seen from the report that 3/4 of the surface drainage work has already been completed at a cost of Rs 1,45,415 and the remaining work will now cost Rs 1,08,200/-

2) The D C says that underground drainage work which is estimated to cost Rs ~~*~~ lakhs is taken up at the place, the work so far completed (surface drainage work) will have to be abandoned and hence the balance of the surface drainage work is proposed to be executed A/

3) The Chief Engineer for R & B may be consulted as to whether the proposal made at 'A' may be accepted and whether the estimate is in order subto.

4) For orders

7) U O No 4(a) dated 30 July 1946

Returned with compliments

The estimate for the work amounting to Rs 1,08,200/- is duly scrutinised

It is reported by the Sanitary Engineer that an underground drainage scheme to Tumkur town will cost about Rs 6 lakhs and this is a very heavy amount ~~to bear~~ for the Tumkur Municipality to bear Further as three-fourths of the surface drainage scheme to the town has already been executed it is recommended that the remaining portion of the surface drainage may be completed

Trincomalee Drainage. 361/2

Serial No

8) It is for orders if this file may not be submitted after the receipt of the report called for from the D.C Trincomalee West as regards the loans so far granted to the Trincomalee Town Council in connection with the water supply improvement work at the place subject to
Minute 7/9/46 9) yes till the 15th August 1946 & then send to D.C. for
1/8/46

The statement has since been received & a copy of the same is put up herewith
Minute 7/9/46
(The original is put up with the file bearing D.A. 1574 9/46 re water supply scheme at Trincomalee)

10) This relates to the execution of the remaining portion of the surface drainage work at Trincomalee at an estimated cost of Rs 1,08,200/- It is stated that 3/4 of the scheme has already been completed and that 1/4 of the scheme has yet to be taken up

11) In this connection it is submitted that the underground drainage scheme at Trincomalee is reported to cost Rs 6 lakhs

NOTE—Contn Sheet.

Serial No

and that, as 3/4 of the surface drainage work has been completed, it is considered desirable to finish off the remaining work

(11) The estimate for Rs 1,08,200/- to complete the ~~remaining~~ work has been sanctioned by the chief Engineer for R & B and ~~is~~ forms one in order the cost of the estimate is proposed to be met by the govt and the local municipal in equal proportions

(12) In order to enable the municipal council to bear its share of the cost, the municipal council prays for the grant of a loan of Rs 54,100/- carrying interest at 3 1/2% pa and repayable in 20 annual instalments the income under octroi amounting to Rs 60000/- pa year (roughly) is proposed to be earmarked for the repayment of this loan

31) This is not the full income for octroi, which is very much more. It represents only the income under the head which is under Govt control as distinguished from some minor articles

13) In this connection, it is submitted that the financial position of the Thanjavur Municipality for the year 46-47 is not satisfactory as seen from the figures furnished below -

	Rs
Opening balance —	19,355/-
Receipts —	1,65,392/-
Total →	1,84,747
Expenditure →	1,49,924
closing balance =	34,823

14) As regards the loans so far granted, the Municipality have discharged the amount of Rs Rs 78,702-11 → (together with interest) completely sanctioned in the year '33 for the improvement of water supply at the place in respect of the loan of Rs 1,20,000 granted in the year 1940 for Drainage scheme a sum of Rs 22,212/- is reported to have been paid in seven instalments and eight instalments of Rs 3173/each are said to be due

vide statement (Pg V)

32) In this connection the amount required to repay the interest paid during the year and the interest for such amount so disbursed for such year ought to be Rs 8000 + on account of instalments repaid + interest paid during the year the amount ought to be Rs 5000 + on account of Rs 22,212 - interest for the year amounting to Rs 317 + Hence the total amount required to be repaid in 8 instalments will be Rs 31,700 + interest on the amount disbursed in 8 instalments

NOTE—Continued on Sheet 4

15) In connection with the improvement of water supply

Serial No

scheme at Tumkur at an estimated cost of Rs 1,62,660/-, the mc cl have also prayed for the grant of a loan of Rs 81,330/- to bear their share of the cost. Thus the total loan, if granted, will amount to Rs 1,35,430/- (linked file) Water supply 81,330/- Drainage 54,100/- 1,35,430

16) In the above circumstances, my submits for orders are.—

1) sanction to an estimate for Rs 1,08,200/- to complete the remaining portion of the drainage scheme at Tumkur, the cost being met by the port & the mc cl in equal proportions,

2) sanction to the grant of a loan of Rs 54,100/- carrying interest at 3½% pa and repayable in 20 equated instalments to enable the mc cl to bear their share of the cost (In this connection it is submitted that interest at the rate of 3½% was charged on loans granted to the Shimoga, Bagalkot & the Mysore and Kolar Gold Mines Municipalities)

3 How about Sher Town & Minor Municipalities?

Sd 13/9/

19) Submitted

As the information available in this office and gathered from, govt have to provide grants to the following municipalities

Serial No

during the current year to the extent noted against each:-

			Amt likely given
1	Thyarawagastha mun mlg-	—	Rs 1,500 for drainage
2	V-a-gemahally	—	about 2,000-
3	Malur	—	2,000
4	Mulbagal	—	2,000

33) Do this amount represent half the estimated cost & it would be useful if grants equivalent to half the cost be given

20) The above figures based on the grants made during the year 45-46. Amount to be given during this year may be a slight more or less and it depends on the estimated cost of each stage of the above drainage works

5	Harihar Town mlg	—	6,500 Rupees five year programme of improvement wells (IV instalment)
6	Town's survey of Towns	—	1,000 (based on the last year's figures)
7	Shimoga Town mlg-	—	1,35,212/- for drainage scheme (1st instalment of the three grants)

34) Have we sanctioned half the estimated cost in the case of these wells

21) The following information shows the amount sanctioned already

WD 03814—GPB—15 000—20 7 16

Serial No

Grants
out of T S grant for the year 46-47

		Rs
1	Nyamathu minor wlf-	731
		Construction of Town Hall
2	Nagamangala minor wlf-	1,750
		for Sweepers' quarters

22) It is seen from the above information that a total sum of about Rs 1,52,693/- has to be given for the encumbrances so far made out of the provision of Rs 5 lakhs made in the state budget under T S grant, leaving a balance of Rs 3,47,307

23) proposals for the distribution of T S grants during the year 46-47 have already been called for from the Dt's of Asstts and the same are awaited

24) The amount prayed for by the Trichur Town wl cl towards half the cost of the drainage scheme is Rs ~~4~~ 54,100 as submitted with reference to para 18 (supra)

I very much regret to state that in spite of observations made in several files papers of this section are not being scrutinised with due care Not only mis-statements are made but also incorrect figures are given – Vide remarks in the margin against paras 12 & 14 of the note the figure Rs 3173, as representing the annual instalment mentioned in para 14 is a pure invention which is neither correct nor to be found in any part of the correspondence Presence of correct statement of fact ought to be one of the main characteristics of Secretariat working & I do hope there will be improvement in this respect in future

3/1 Tuticorin is an important & growing town & it is necessary to provide it with proper drainage so as to improve the sanitation of the place The correspondence reveals that 3/4 ths of the surface drainage work has already been completed & as such, it is essential to take up & complete the remaining portion of the work early Though underground drainage system is preferable, it cannot be thought of at the present stage

It is usual to sanction a grant equivalent to half the estimated cost of such works (& sometimes more also)

NOTE—Contn Sheet

Vide paras 19 & 20 of the notes & the enclosure note furnished by the Dept Engr the estimate for Rs 1,08,200 for completing the drainage work may be sanctioned as also an outright grant of half this amount viz Rs 54100 from the Town Improvement Grant of the current year As regards meeting the remaining portion of the cost, a loan of Rs 54100 may be sanctioned at 3½% interest, repayable in 20 annual instalments A portion of the extra income to be derived from the levy of octroi duty on certain additional articles, which has been sanctioned, may be earmarked in the annual budget towards repayment of the loan The Sanitary Engineer Dept may be instructed to arrange for prompt execution & completion of the work

Subject :- Surface drainage scheme in the Tumkur Town Municipality.

From

In the Tumkur Municipality, a part of the surface drainage scheme at a cost of Rs.1,45,415/- has already been executed in the year 1940. In order to complete the remaining portions of the scheme, an estimate for Rs.1,08,200/- as prepared by the Sanitary Engineer, has now been submitted by the Tumkur Town Municipal Council. This estimate has been scrutinised by the Chief Engineer for Roads and Buildings and is found to be in - order.

In regard to the question of financing the estimate in question, the Tumkur Town Municipal Council prays that the cost may be met by the Government and the Municipal Council in equal proportions. In order to enable the Municipal Council to bear its share of the cost, the Municipal Council also prays for the grant of a loan of Rs.54,100/- carrying interest at 3½ %. This loan is proposed tombe discharged in 20 equal instalments by earmarking a portion of the additional income of Rs.6,000/- per annum, which is expected to be derived from the levy of Octroi on certain fresh articles, which has been sanctioned by the Government. The Deputy Commissioner, Tumkur, also recommends sanction to the proposals of the Municipal Council.

Tumkur is an important and growing District Headquarter Town. In view of the fact that three-fourths of the surface drainage work has already been completed, it is considered essential to take up and complete the remaining portion of the work early so as to improve the sanitation of the place.

The Financial Secretary has no objection to the proposals as submitted by the Municipal Council being sanctioned in this behalf. Half the estimated cost of the work will be given as an outright grant by the Government. The Government portion of the expenditure amounting to Rs.54,100/- will be met out of the -- provision made under Improvement of Towns in the current year's

State Budget.

The Dewan and the Minister for Revenue and Communications have agreed to the proposal.

Point for orders are :-

1) Sanctioning the estimate for Rs.1,08,200 for the remaining portion of the drainage work in Tumkur Town.

2) Financing the Scheme in equal porportions by the Government and the Municipal Council, the Government share of Rs.54,100/- being met out of the provision made for Improvement of Towns in the State Budget for 1946-47.

3) Advancing a loan of Rs.54,100/- to the Tumkur Town Municipal~~ity~~ Council, the same carrying interest at 3½ % per annum and the amount being made repayable in 20 annual instalments.

CIRCULATION NOTE.

Subject - Surface drainage scheme in the Tumkur Town Municipality.

In the Tumkur Town Municipality, a part of the surface drainage scheme at a cost of Rs 1,45,415/- has already been executed in the year 1940 In order to complete the remaining portions of the scheme, an estimate for Rs.1,08,200/- as prepared by the Sanitary Engineer, has now been submitted by the Tumkur Town Municipal Council This estimate has been scrutinised by the Chief Engineer for Roads and Buildings and is found to be in - order.

In regard to the question of financing the estimate in question, the Tumkur Town Municipal Council prays that the cost may be met by the Government and the Municipal Council in equal proportions In order to enable the Municipal Council to bear its share of the cost, the Municipal Council also prays for the grant of a loan of Rs.54,100/- carrying interest at 5½ %. This loan is proposed tobe discharged in 20 equal instalments by earmarking a portion of the additional income of Rs.6,000/- per annum which is expected to be derived from the levy of Octroi on certain fresh articles, which has been sanctioned by the — Government The Deputy Commissioner, Tumkur, also recommends sanction to the proposals of the Municipal Council.

Tumkur is an important and growing District Headquarter Town In view of the fact that three-fourths of the surface drainage work has already been completed, it is considered essential to take up and complete the remaining portion of the work early so as to improve the sanitation of the place.

The Financial Secretary has no objection to the proposals as submitted by the Municipal Council being sanctioned in this behalf. Half the estimated cost of the work will be given as an outright grant by the Government The Government portion of the expenditure amounting to Rs.54,100/- will be met out of the -- provision made under Improvement of Towns in the current year's

CIRCULATION FORM.

Subject - Surface drainage scheme in the TUMKUR TOWN Municipality.

In the TUMKUR MUNICIPALITY, a part of the surface drainage scheme at a cost of Rs.1,45,415/- has already been executed in the year 1940. In order to complete the remaining portions of the scheme, an estimate for Rs 1,03,500/- as prepared by the Sanitary Engineer, has not been sanctioned by the TUMKUR TOWN Municipal Council. This estimate has been scrutinised by the Chief Engineer for Roads and Buildings and is found to be in order

In regard to the financing the estimate in question, the TUMKUR TOWN Municipal Council pleads that the Government and the Municipal Council in equal proportions. In order to ensure the Municipal Council to bear its share of the cost, the Municipal Council also pleads for the grant of a loan of Rs.54,100/- carrying interest at 4½. This loan is proposed to be discharged in 20 equal instalments by assessing a portion of the additional income of Rs.6,000/- per annum which is expected to be derived from the levy of Octroi on certain fresh articles, which has been sanctioned by the Government. The Deputy Commissioner, Kolar also recommends the above proposals of the Municipal Council.

SECRETARY TO THE GOVT OF MYSORE
REVENUE DEPARTMENT BANGALORE

Sir,

Subject – Drainage work in Tumkur Twon Municipality

I have the honour to forward herewith the entire records relating to the above subject together with the resolution of the Municipal Council dated 30-4-46 and to state as follows

The Sanitary Engineer Bangalore in his letter No 879 dated 24-4-46 states that a system of under ground drainage scheme at Tumkur Town will cost about Rs 6 lakhs A part from this the ⅔ part of the surface drainage scheme completed in the year 1940 at a cost of Rs 1,45,415/- will have to be abandoned if the underground drainage is to be taken up and therefore recommends completion of the ⅓ part of the surface drainage work in Tumkur Town at an estimated cost of Rs 1,08,200/-

The Town Municipal Council Tumkur at their meeting held on 30-4-46 have approved the estimate for Rs 1,08,200/- and have resolved to request Government to sanction ½ the estimateed cost as grant and the other half as loan, repayable in 20 equal annual instalments commencing from 46-47 with interest at 3½% P A

The Municiapl President Tumkur states that the Municipality has very heavy commistments such as repayment of original drainage loan instalments, maintarce of ater supply, Dearness allowance to Municipal employees and contributions to several Departments and as such

P T O

Government help sought for is absolutely necessary to complete the drainage work The Municipal Council proposes to repay the loan instalments by minimising the expenditure in the budget of evey year and to earmark the income of Octroi duty levied recently on fresh articles like matches, drugs, paper, coffee, tea, medicine, soap, Rubber and Rubber Tyres which may be roughly Rs 6000/- per year

In the circumstances I request that the resolution of the Municipal Council Tumkur may be favourably considered and early orders of Government may kindly be conveyed

I have the honour to be,
Sir,
Your Most Obedient Servant

Deputy Commissioner,
Tumkur District

THE MAHARAJA OF MYSORE

R E A D:-

Letter No.407/44-45 dated 6th July 1946 from the Deputy Commissioner, Tumkur District stating that since three-fourths of the surface drainage scheme in the Tumkur Town was completed in the year 1940 at a cost of Rs.1,45,415/-, the remaining one-fourth part of the work may be completed at an estimated cost of Rs.1,08,200/- as proposed by the local Municipal Council and requesting, in the circumstances stated, sanction to a grant of Rs.54,100/- from the Government and a loan of Rs.54,100/- to the Municipality to meet its share of the cost for the completion of the drainage work.

2.Un-official Note No.41(a) dated 30th July 1946 from the Chief Engineer for Roads and Buildings on the subject.

O R D E R NO. L 11021-4/Ml 50-46-17

BANGALORE DATED THE 8 JANUARY 1947.

A part of the surface drainage scheme has already been executed in the Tumkur Town Municipality at a cost of Rs.1,45,415/- in the year 1940. In order to complete the remaining portions of the Scheme, an estimate for Rs.1,08,200/- has been prepared by the Sanitary Engineer and it has now been submitted for sanction by the Deputy Commissioner, Tumkur District. The estimate has been scrutinised by the Chief Engineer for Roads and Buildings and is found to be in order.

In regard to the financing of the estimate in question, the Tumkur Town Municipal Council prays that the expenditure may be met by the Government and the Municipal Council in equal proportions. In order to enable the Municipal Council to bear its share of the cost, the Municipal Council also prays for the

grant.....

grant of a loan of Rs.54,100/- carrying interest at 3½ per annum and repayable in 20 equal annual instalments. A portion of the additional income amounting to about Rs.6,000/- per annum, which is expected to be derived from the levy of octroi on certain fresh articles, is proposed to be earmarked towards the repayment of the loan. The Deputy Commissioner, Tumkur, recommends sanction to the proposals of the Municipal Council.

Tumkur is an important and growing District Headquarters town. In view of the fact that three-fourths of the surface drainage work has already been completed, it is considered essential to take up and complete the remaining portion of the work early so as to improve the sanitation of the place.

Government are accordingly pleased to sanction the estimate of Rs.1,08,200/- for the work in question. The cost of the work will be met by the Government and the Municipal Council in equal proportion.

The Government share of the cost viz., Rs.54,100/- which will be an outright grant, will be met out of the provision made under "Improvement of Towns" in the current year's State Budget.

As the Tumkur Town Municipal Council is not in a position to pay its share of the cost immediately, sanction is also accorded to the grant to it of a loan of Rs.54,100 carrying interest at 3½ and made repayable in twenty annual instalments.

The Deputy Commissioner, Tumkur District is requested to see that necessary provision is made in the future budgets of the Municipal Council for the payment of the equated instalments of the loan. The Chief Engineer for Roads and Buildings is requested to see that the above work is started early and completed expeditiously.
